

The Future of Our 'Āina

How can we mālama the 'āina for generations to come?

The Future of Our 'Āina invites Hawai'i's keiki to imagine how land can become a place where people, community and 'āina thrive together. HomeAid Hawai'i is a nonprofit community developer. We build for people, not profit, and work with cultural practitioners, community leaders and local partners to understand and respect each place.

Now we want to see the future through your eyes!

IMAGINE

Think about a place where people and 'āina can thrive.

DRAW

Show us homes, gardens, native plants, food, play, or gathering spaces

SHARE

Tell us how your idea cares for our community and Hawai'i's future

Tell us about your drawing

How does your idea care for the 'āina, our community and Hawai'i's future?

Write your answer in 50 words or less. A teacher or parent may help write your words.
There is no right or wrong answer. We want to see your idea!
